

K-LOVE brings a great service to the younger Christian populaion today, and especially in my area. If it has to go to LPFM it will not exist in my area or many other areas. I am not in the younger population but I enjoy K-LOVE, because of the uplifting music and encouraging word heard on it daily. Many people say they feel the same about the K-LOVE radio station, and add that they also enjoy the wholesome values it supports. Please don't place K-LOVE in the LPFM broadcasting service.
